Good Afternoon,

I am checking in to see if there are any questions on the below email and attachments. Once we receive these items we can review and authorize the Town to go out to bid to get accurate numbers for this project.

Good Morning!

We talked about the Town going out to bid to get accurate costs for the changes in the project. Before we are able to Authorize the Town to do this I will need the items from the Prior to Bid letter completed.

Attached please find the original Prior to Bid letter sent to the Town in 2019. I also have attached the forms discussed in the letter. Once we have these items we can authorize the Town to go to bid and move forward with this project.

Has there been any update on other funding?
